

Day 1: September 06, 2019, Friday

Together embracing innovation and enhancing quality

scientific.aca2019@gmail.com

Time	Main Hall					
0730-0815	Registration and sponsored breakfast lecture					
0815-0900	Opening Ceremony					
0900-0930	Quentin J Gomez Lecture –Challenges in raising quality of anaesthesia in ASEAN countries - Prof Florian Nuevo					
0930-1000	Plenary lecture – Interactive technology in obstetric anaesthesia- exploring seamless solutions to jagged problems - Prof Alex Sia Tiong Heng					
1000-1020	Tea Break/ Poster viewing/Exhibition					
	Main Hall		Satellite 1		Satellite 2	
1020- 1130	Quality and Safety		Obstetrics Anaesthesia		Acute Pain	
1020-1040	Digital innovation in anaesthesia and peri operative medicine	Dr Ashokka Balakrishnan	PPH Major obstetric hemorrhage-Update	Prof Susilo Chandra	A 21st century approach to post caesarean section analgesia	Dr Muralidhar Joshi
1040-1100	Drivers of perioperative mortality	Dr David Pescod	Pre-eclampsia - a peri-operative medical challenge	Prof Laila Arjumand Banu	PDPH- current concepts and management	Dr Abhijit Nair
1100-1120	Safety standards in anaesthesia in Malaysia	Dr Raveenthiran Rasiah	Obesity and obstetric anaesthesia: a worldwide problem	Dr (Major) M V Bhimeswar	Evidence based pain management for trauma	Dr Subramanya Mahankali
1120-1130	QA		QA		QA	
1130-1400	LUNCH					
1400-1600	CASA Executive Meeting					
1400-1445	Anaesthesia for Elderly		Major Haemorrhage		Homeostasis and Liver Transplant	
1400-1420	Post operative delirium and neuro-cognitive dysfunction	A/Prof Ti Lian Kah	Strategies in fluid management in major haemorrhage	Dr Wardina Buntar	Balanced salt solution-Is it really balanced?	Dr Vineet Nayyar
1420-1440	Enhancing the recovery for Neck of Femur fracture patients	Dr Hairil Rizal Bin Abdullah	Blood conservation in major surgery	Dr Aphichat Suphathamwit	Contemporary anaesthesia challenges in liver transplantation	Dr Yuri Vater
1440-1445	QA		QA		QA	
1445-1530	Regional Anaesthesia		Neuroanaesthesia		Acute Pain	
1445-1505	Clinical pathway strategy for total knee replacement	Dr Penafrancia C Cano	Management of devastating brain injury	Dr Umesh G	Novel analgesia for post-operative pain management	Dr Tatsuo Nakamoto
1505-1525	Truncal blocks/ thoracic wall blocks	Dr Shibata Yasuyuki	Anaesthetic management of parturients with increased ICP	Dr Subramanya Mahankali	Managing chronic pain in acute setting	Dr Amiruddin Nik Mohammed Kamil
1525-1530	QA		QA		QA	
1530-1550	Break/ poster viewing/Exhibition					
1600-1800	AARS Board Meeting					
1550-1700	Airway Innovation		Intensive Care Medicine		Free oral presentation	
1550-1610	Ultrasound for airway assessment and management	Dr Shahridan Fathil	Professional burnout among physicians and nurses in Asian intensive care units	Dr Khalid MK Nafees	Free oral presentation	
1610-1630	Best approaches to awake intubation	Dr Avinash Gobindram	Edema pathophysiology and management	Dr Sumesh Aurora		
1630-1650	New anaesthetic techniques for airway surgery	Dr Imran Ahmad	Rational use of vasopressors and inotropes	Dr Vineet Nayyar		
1650-1700	QA		QA			
1900-2100	Tarindak D'Seni					
1900-2100	ASEAN Cultural Night and Gala Dinner					

Day 2: September 07, 2019, Saturday

Together embracing innovation and enhancing quality

scientific.aca2019@gmail.com

Time	Main Hall					
0800-0830	Breakfast Lecture (TBC)					
0830 - 0900	WFSA International standards for safe anaesthesia - President WFSA					
0900- 0930	Lim Say Wan Lecture- Patient Safety : the good, the bad and the ugly-Prof Dr Chan Yew Weng					
0930- 1000	Plenary lecture: Quality and Innovation in developing Countries- Prof Dr Chris Bowden					
1000-1020	Tea Break/ poster viewing/Exhibition					
	Main Hall		Satellite 1		Satellite 2	
1020-1130	Chronic Pain		Cardiothoracic Anaesthesia		Regional Anaesthesia	
1020-1040	CPSP Chronic post surgical pain	Dr Muralidhar Joshi	Off-pump vs. on-pump coronary bypass surgery: anesthesiologist's perspective	Prof Tae Yop Kim	Regional anaesthesia and cancer recurrence- controversies	Dr Abhijit Nair
1040-1100	Current strategies to treat cancer pain	Prof AKM Akhtaruzzaman	Peri-operative vital organ protection during cardio pulmonary by-pass. How best to handle it?	Prof Kumudini Ranatunga	Anti coagulation and regional anaesthesia	Dr Pryambodho Pry
1100-1120	Physician judgements and the burden of chronic pain	Prof Zenaida Mariano	One lung isolation techniques	Dr Shah Shitalkumar Sharad	Ergonomics in peripheral nerve block	Dr Jui An Lin
1120-1130	QA		QA		QA	
1130-1240	President Forum		Airway Innovation		Perioperative Medicine	
1130-1150	Raising standards of care of anaesthesia, pain and critical care in ASEAN		Controversies: videolaryngoscopes for all?	Dr Raveendra US	Impact of diabetes and undiagnosed diabetes on postoperative outcomes	A/Prof Ti Lian Kah
1150-1210			High flow nasal oxygen in anaesthesia	Dr Avinash Gobindram	The resurgence of ketamine	Prof Chris Bowden
1210-1230			Virtual Endoscopy: A new approach to the assesment of the anticipated difficult airway	Dr Imran Ahmad	Expanding role of peri-operative ultrasound	Dr Shahridan Fathil
1230-1240			QA		QA	
1240-1340	Lunch Symposium by Baxter- Dr Hairil Rizal Bin Abdullah					
1340-1425	Intensive Care Medicine		Anaesthesia and Obesity		Quality/Teaching	
1340-1400	ICU management of patients after spinal cord injury	Dr Sumesh Arora	Obesity and ambulatory anaesthesia	Dr Youri Vater	Enhancing Quality, improving care in anaesthesiology: perspective from an academic medical centre	Prof Tay Sook Muay
1400-1420	New innovation in managemnt of sepsis	Dr (Major) M V Bhimeswar	Airway management and oxygenation in the morbidly obese patient	Dr Raveendra US	Teaching in the OR: how does innovation impact on patient outcomes	Prof Florian Nuevo
1420-1425	QA		QA		QA	
1425-1510	Patient Safety and Risk Reduction		Paediatric Anaesthesia		TIVA/TCI	
1425-1445	Local anaesthetic systemic toxicity- current concepts	Dr Umesh G	Respiratory physiology of the premature newborn	Dr Venugopal Kulkarni	Monitoring nociception in TCI-TIVA	Prof Susilo Chandra
1445-1505	Improving quality through patient involvement	Dr David Pescod	TIVA-TCI for paediatrics	Dr Hiroshi Otake	TIVA in low resource setting	Prof AKM Akhtaruzzaman
1505-1510	QA		QA		QA	
1510-1530	Tea Break/ poster viewing/Exhibition					
1530-1615	Education/Research		Monitoring		Cardiothoracic Anaesthesia	
1530-1550	"Blooming" medical education in the pacific: when education science meets the clinician	Prof Biribo Kenton	Clinical implication of NIRS regional cerebral oxygenation	Prof Tae Yop Kim	Cerebral oximetry for cardiac surgery	Dr Shitalkumar Shah
1550-1610	Education and research simulation in anaesthesia	Dr Ashokka Balakrishnan	Impact of intraoperative EEG (BIS) monitoring	Prof Hiroshi Otake	Cardiomyopathy and anaesthesia	Dr Venugopal Kulkarni
1610-1615	QA		QA		QA	
1620-1730	Main Hall					
1620-1730	Closing Ceremony
