## **Invitation from the President**

It's my pleasure to invite you and your organisation the opportunity to participate at the 21st ASEAN Congress of Anaesthesiologists (ACA) 2019. We are excited to host this prestigious biennial congress for the first time in Brunei where we can come together with the international anaesthesia community to discover, learn and network over two busy days.

The main aim of this Congress is to provide platform for the member countries to share the latest knowledge, innovation, experiences and challenges in order to raise standard in the field of anaesthesia, pain and critical care medicine in ASEAN. We have chosen "Together embracing innovation and enhancing quality in ASEAN Anaesthesia" as our theme in keeping with the spirit of solidarity amongst the ASEAN countries. Providing high quality of patient care is always our goal in ensuring equitable, accessible and affordable care to all our patients.

We are looking forward to make this congress our biggest and most exciting yet, with:

- Delegates consisting of doctors, nurses and allied health professionals locally and from the ASEAN countries will converge to Brunei
- A first-class scientific programme and high-profile keynote speakers
- Practical hands-on workshops and more.

And of course, the trade exhibition at the 21st ASEAN Congress of Anaesthesiologists 2019 is an integral part of the delegate experience. With the many organisations that exhibit their products where the delegates have their refreshment and lunch break at the exhibition area, there will be plenty of opportunity to network with representatives from the anaesthesia and critical care speciality.

## **Reasons to exhibit**

1. A great way to raise your organisation's profile and develop new business opportunities with key influencers within the anaesthetic and critical care speciality into the ASEAN region.
2. Strengthen long-term business relationships and create new business opportunities
3. Keep up to date with the profession and the competition
4. Support the Confederation of ASEAN Societies of Anaesthesiologist and the Society of Anaesthesiologists Brunei its continued investment in creating outstanding scientific programs that engage and educate the anaesthetic speciality in the Brunei and internationally.

We greatly value your participation and support by booking now to secure your exhibition space for the 21st ASEAN Congress of Anaesthesiologists 2019. You can further enhance your participation as an exhibitor by taking advantage of exclusive sponsorship opportunities by looking through this brochure to choose your preferred exhibition and sponsor packages.

Dr. Hj Zulaidi Hj Abd Latif  
President of the Society of Anaesthesiologists.
